

Bushido Kai – Archery Club – 2nd Session

The next **Archery** session will run from April through Mid June 2016. This program has been designed to be fun and challenging at the same time. But no experience is required. Once 5 five classes have been completed, we will run a mini- tournament so the students may test their skills against each other.

The students will be taught aiming and breathing techniques to improve accuracy. Come on out and try **Archery** in a fun, safe, learning environment.

The fee is 140.00 for 8 classes or sign up on a per class basis for \$25.00 each.

For \$210.00 Sensei will purchase, for you, your own Bow and 2 arrows and the 8 classes are included for the second session. All prices we need to add HST.
